

Profile

Junior programmer with proven skills in Cpp, Python, PHP, and frontend technology with AI. I always focus on maximum productivity and minimum bugs. Successfully completed several projects which are in my Github. Always motivated to learn the latest technology and accept any pressure-related coding.

Courses

Professional Web Development,

Creative IT Institute [🔗](#)

04/2018 – 10/2018 | Dhanmondi-4, Dhaka

I learned PHP, Laravel, MySQL and more basic for web development.

Responsive Web Design, Creative IT Institute [🔗](#)

04/2017 – 10/2017 | Dhanmondi-4, Dhaka

I learned HTML, CSS, bootstrap, javascript and more industrial things.

Projects

Bongobitan Multi-vendor project,

Django, DRF, Nuxt, Svelte, RestAPI [🔗](#)

02/2021 – 03/2022

Single Vendor Ecommerce,

Django, DRF, Svelte, RestAPI [🔗](#)

07/2021 – 12/2021

Weather prediction, Linear Regression, Gradient Descent Classifier, Gaussian Naïve Bayes, measure accuracy(distance) using "r squared" algorithm. [🔗](#)

01/2022 – 03/2022

Movie recommendation system, Python, Pandas, Matplotlib, Seaborn, scikit-learn, Count Vectorizer, Measure accuracy(distance) using cosine similarity. [🔗](#)

11/2021 – 01/2022

Saifullah Shahan

📍 Mirpur-1, 1216 Dhaka, Bangladesh
